## Honoree Louis C. Ciliberti

CFP, CLU, ChFC

Founder, CEO

Louis C. Ciliberti & Associates, Ltd.

Louis Ciliberti graduated college Cum Laude with a degree in Data Processing and, after owning a successful franchise business, began his business career in Financial Services.

Louis C. Ciliberti and Associates, Ltd. was founded in 1986 and expanded within the Financial Services industry in 1990. Louis focused initially on providing estate planning solutions to successful entrepreneurs, often taking advantage of seldom used areas of the IRS code. In addition to providing Estate Planning and Life Insurance Wealth Transfer solutions, Wealth Management and Employee Benefits services were added to address clients' needs. Clients include select families including Forbes 400 individuals and both publicly-traded and closely-held companies.

Louis maintains several advanced professional designations - Certified Financial Planner, Chartered Life Underwriter and Chartered Financial Consultant and often presents his ideas on sophisticated uses of life insurance in estate planning in seminars for attorneys and accountants. For many years, Louis was the only non-attorney invited to speak annually at the Sophisticated Trusts and Estates Law Institute in Manhattan, New York, sponsored by the New York Bar Association.

Louis resides in West Islip, New York, with his wife Patti and their three children. Louis describes the time he spends with his family as "One of life's greatest gifts!" As a member of Team in Training, Louis raised and donated funds to benefit children with cancer through the Leukemia and Lymphoma Society by completing long distance events including Ironman distance triathlons. This led to fundraising while running marathon distance races together with his wife Patti and introducing all three of his children to the sport of Triathlon.

Louis applies his deep love of helping other people in his professional career and takes great pleasure in volunteering his time with Catholic Health Services, Center for Jewish History, The Thomas Hartman Foundation for Parkinson's Research, the Leukemia and Lymphoma Society, and TeleCare TV, among others.

## The Fay J. Lindner Foundation Hope & Healing Center

Recognizing that grief is a shared experience, Hospice Care Network embraces the family unit and partners with them individually and collectively on their journey toward healing. The Fay J. Lindner Foundation Hope & Healing Center is one of the many programs of care offered by Hospice Care Network. Through individual and family counseling, peer interaction, education and advocacy, Hospice Care Network offers a safe place where children can hope and families can heal.

Support groups, facilitated by licensed clinicians, are held regularly for both children and adults offering a safe, supportive environment for the expression and sharing of feelings, understanding fears and discovering a renewed sense of hope. Through unconditional acceptance, families find comfort and security as they begin the healing process.

Hospice Care Network is a certified not-for-profit organization serving Long Island patients and families since 1988. For more information, visit [www.hospicecarenetwork.org](http://www.hospicecarenetwork.org).
